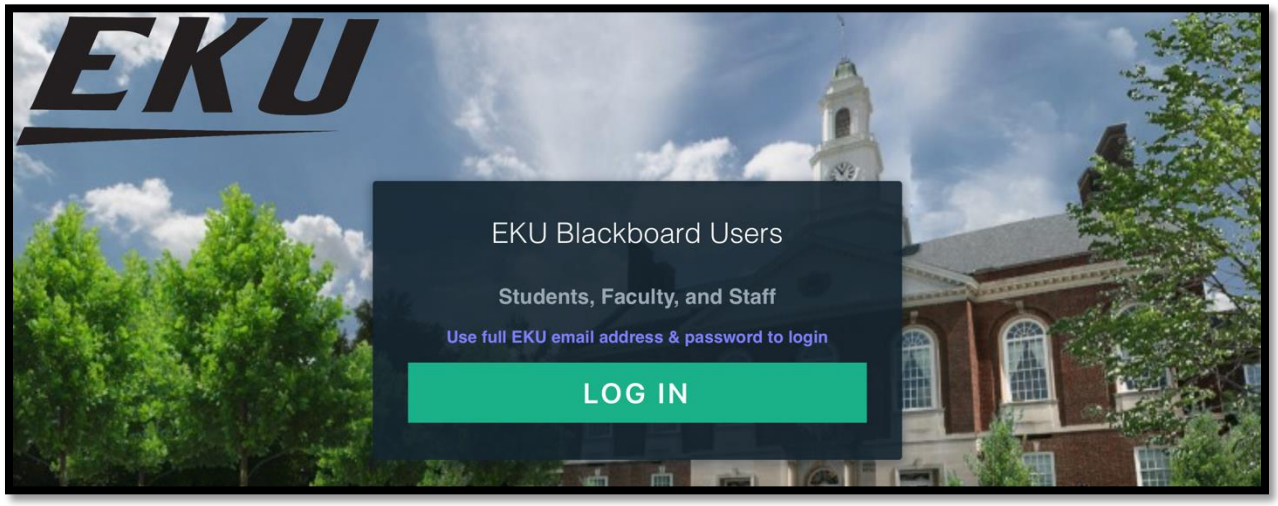
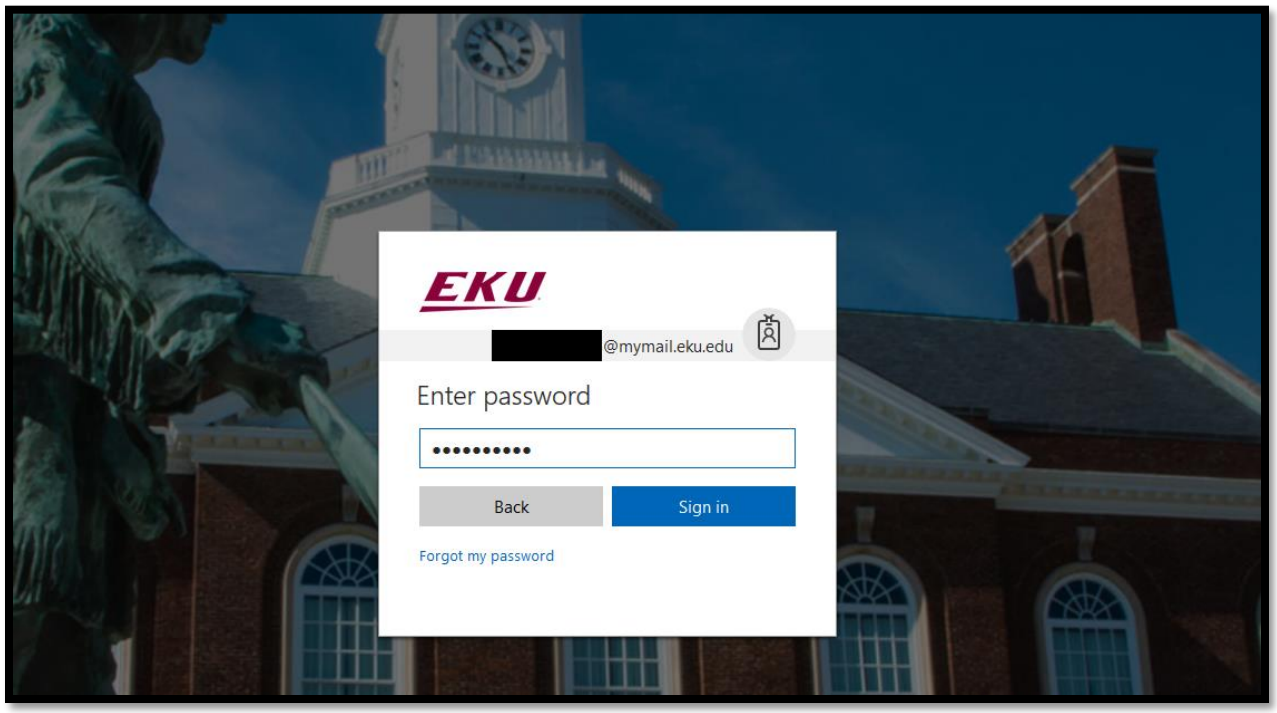
Today we enabled the new Blackboard SaaS system at http://learn.eku.edu! Before you look for your spring courses, just a few things you need to know before you start:

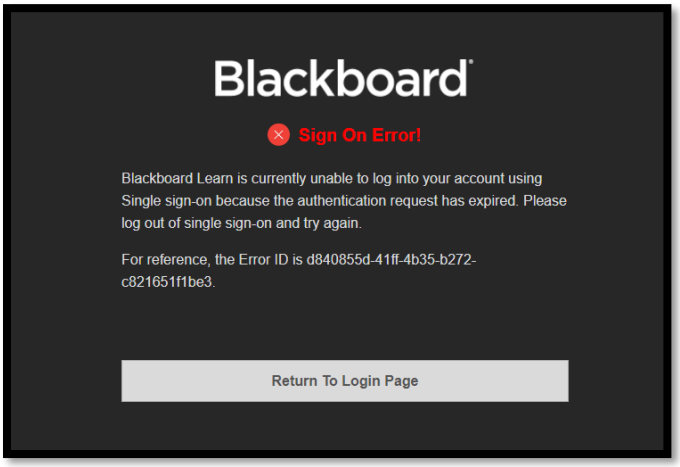
1. The log in page is slightly different for this new system – you will want to use the top **Log In** button for EKU Students, Faculty, and Staff.



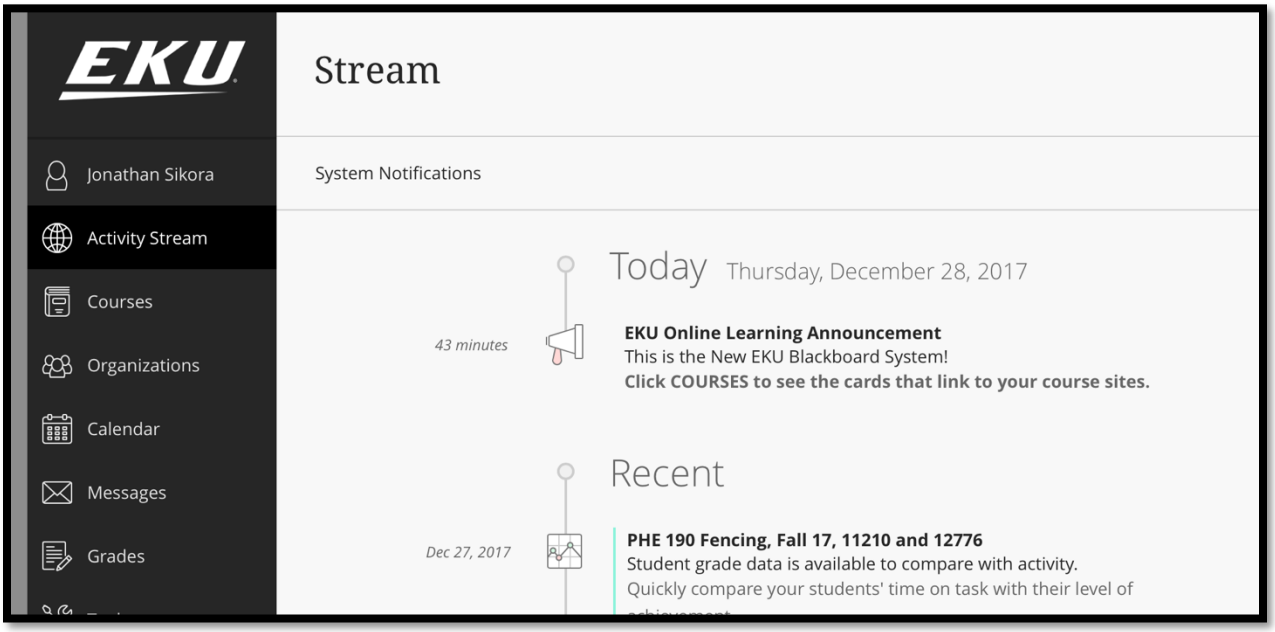
Once you click **Log In**, you will be taken to a page where you will enter your FULL EKU EMAIL ADDRESS (e.g., jane.doe@eku.edu or jane_doe@mymail.eku.edu, then click next and enter your regular email password.



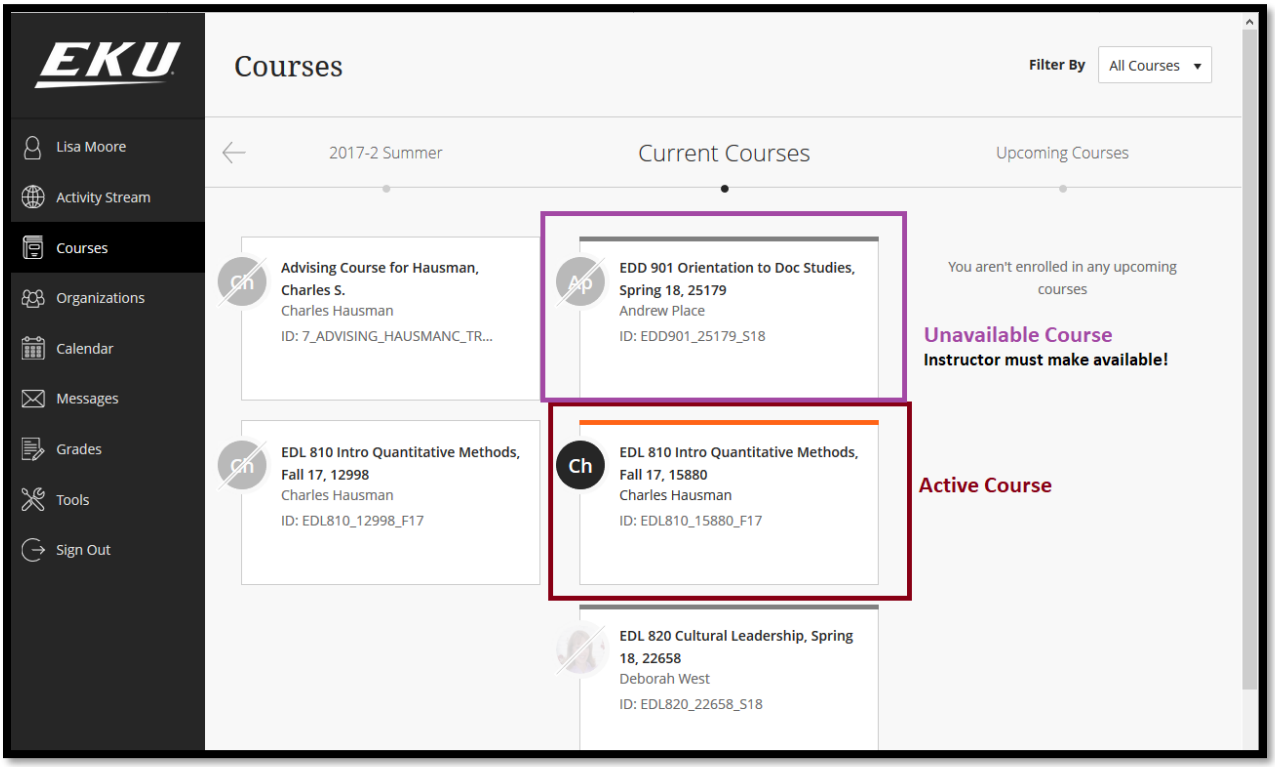
NOTE: IF you receive a 'Sign On Error!' screen, clear your browser history, close the browser, and try again.



2. Once you are logged in, you will see the new Blackboard system – your initial landing will be at the Activity Stream, and you will be able to access your classes by clicking the Courses link on the left-hand side of the page.



You will see all courses when you click the Courses tab on the left. Some are unavailable (until the instructor—NOT IT—enables it for students) and some are available:



3. Enrollments are not fully up-to-date yet on your courses – enrollments will all be automatically updated over the next couple of days.

4. For 24/7 phone support: 1-859-622-3000 and the IT Service Desk reopens on Wednesday, January 3, 2018 at 8 a.m. or you can tweet questions to us here: https://twitter.com/EKUITColonels and for upcoming training opportunities: http://it.eku.edu/blackboard
