

How to Register for Classes in MyEKU

Please see important information about registration eligibility at the end of this document.

Log into MyEKU and locate the **Registration** card.

Select “**Register for Classes**” on the Registration card.

Select the correct registration term.

On this page, there are four tabs available:

Select the **Find Classes** tab. Search for courses by Subject (ENG) with or without an accompanying course number (101). An expanded advanced search allows you to search by department, durations, meeting days, etc.

Note: Some EKU courses are not searchable and require the CRN to be entered directly on the “Enter CRNs” tab.

A screenshot of the MyEKU "Register for Classes" page. The page has a dark red header with a hamburger menu icon, a settings icon, and a user icon. Below the header is a breadcrumb trail: "Student > Registration > Select a Term > Register for Classes". The main heading is "Register for Classes". Below this is a tabbed interface with four tabs: "Find Classes" (selected), "Enter CRNs", "Plans", and "Schedule and Options". The "Find Classes" tab is active, showing a section titled "Enter Your Search Criteria" with a sub-header "Term: Spring 2022". There are three input fields: "Subject", "Course Number", and "Keyword". Below these fields are three buttons: "Search", "Clear", and "Advanced Search".

Review Search Results. Search results contain course titles, instructors, meeting times, location, number of remaining seats, etc.

Total Hours Registered: 9 Billing: 9 CEU: 0 Min: 0 Max: 12	
<input type="checkbox"/> Conditional Add and Drop ⓘ	Submit

Always remember to submit your changes with the “Submit” button at the bottom right corner of the page.

Adding a Class

The quickest way to add classes, provided you already have the CRNs of the classes, is to enter the CRNs directly into the text boxes on the “Enter CRNs” tab. Any invalid CRNs will generate an error message. You can also add courses by looking them up on the “Find Classes” tab and clicking the “Add” button in the righthand column or adding them from the “Plans” tab.

Once the classes are added to your summary in the bottom right panel, you should see their status as “Pending” as you are not registered in them yet. You **MUST** click the submit button to attempt registration.

If registration in a class is successful, its status will change to “Registered,” if not, it will display an error message. The class’s Action column will automatically update to remove. To remove the courses with errors from your summary, click the “Submit”

button. Review the error message to resolve the problem. If you need help, review the [Error Help](#) page or contact the Registrar's Office.

Dropping a Class

To drop a class you've already registered for, you must be within the [add/drop](#) window. If you are and wish to drop a course, go to your summary in the bottom right panel. In the "Action" column, select the dropdown menu in the row of the class you want to drop. Select "Dropped by Web" then click the "Submit" button.

Successfully dropped courses will have a status of "Deleted" in the "Status" column. Clicking the "Submit" button again will clear the class row from your summary entirely.

CONDITIONAL ADD/DROP

If you'd like to add a class only on the condition that you successfully add another class, follow these steps: Add the class to your summary using one of the methods described above. While the status of the other course is pending its Action should be "Registered by Web."

Change the Action of the course you wish to drop to "Dropped by Web." Check the "Conditional Add and Drop" check box BEFORE clicking the "Submit" button.

If the class you attempted to add has a registration error, it will be displayed but a course will not be dropped.

If no errors are found, the selected courses will be added and dropped as requested.

Additional Notes:

Before you begin, ensure you are eligible to register by visiting your Student Profile (on the Student Services card in MyEKU) and checking that your academic standing, student status, any holds, and enrollment status permit registration. This information can be found in the top right of the Student Profile. Also ensure it is time for you to register by visiting the [Registration and Advising Dates](#) page in Colonel's Compass. You MUST have the appropriate RAC number from your advisor in order to register each semester.

When preparing to register, ALWAYS check the appropriate [course catalog](#) for prerequisite, corequisite, and other course information.

Always remember to verify your registration by viewing your schedule using the “View/Print Schedule” link on the Student Services card on the MyEKU homepage.
